# *Texture-Crete<sup>TM</sup>*

*A durable, skid-resistant cover-up that transforms plain gray concrete into beautiful textured surfaces.*

*"The Ultimate Cover-up"*

## *Residential Texture-Crete. . .*

---

### *Unlimited colors and patterns*

Plain gray concrete, whether new or old, can be quickly transformed into a bold, exciting textured surface in colors to compliment any decor with the Increte Texture-Crete System. Indoors or out, horizontal or vertical, there's an Increte Texture-Crete pattern and color to enhance any motif!

*adds an aura of elegance to any decor*

---

*Slip-resistant, cool to the touch  
and easy to clean*

Because Texture-Crete is slip-resistant and much cooler underfoot than plain concrete, it lends itself perfectly to pool decks, patios, walkways, entrances and driveways.

# Commercial Texture-Crete. . .

---

## *The most cost effective flooring alternative*

The Texture-Crete decorative overlay system offers custom patterns and colors for many varied applications such as the specialty theme park projects pictured here. Simulated tile and brick looks also can be created for a fraction of the cost of using natural materials.

offers unmatched durability and enduring beauty

*Durable and long-lasting*

Texture-Crete is three times stronger than conventional concrete, making it the perfect choice for all types of commercial applications. Texture-Crete is also widely used for vertical applications, like the wall and stairs below.

## Pool Decks are transformed into works of art!

*The perfect cover-up for unsightly, gray, stained or cracked concrete*

Texture-Crete is available in a wide array of skid-resistant textures and patterns. What's more, Texture-Crete is stain-resistant and cool to the touch, making it the ideal surfacing material for both outdoor and indoor pool and spa areas. Maintenance is easy—all you need are household cleaners, a broom and a garden hose!

## Add curb appeal with a Texture-Crete driveway!

### *A unique custom look that turns any property into a showplace*

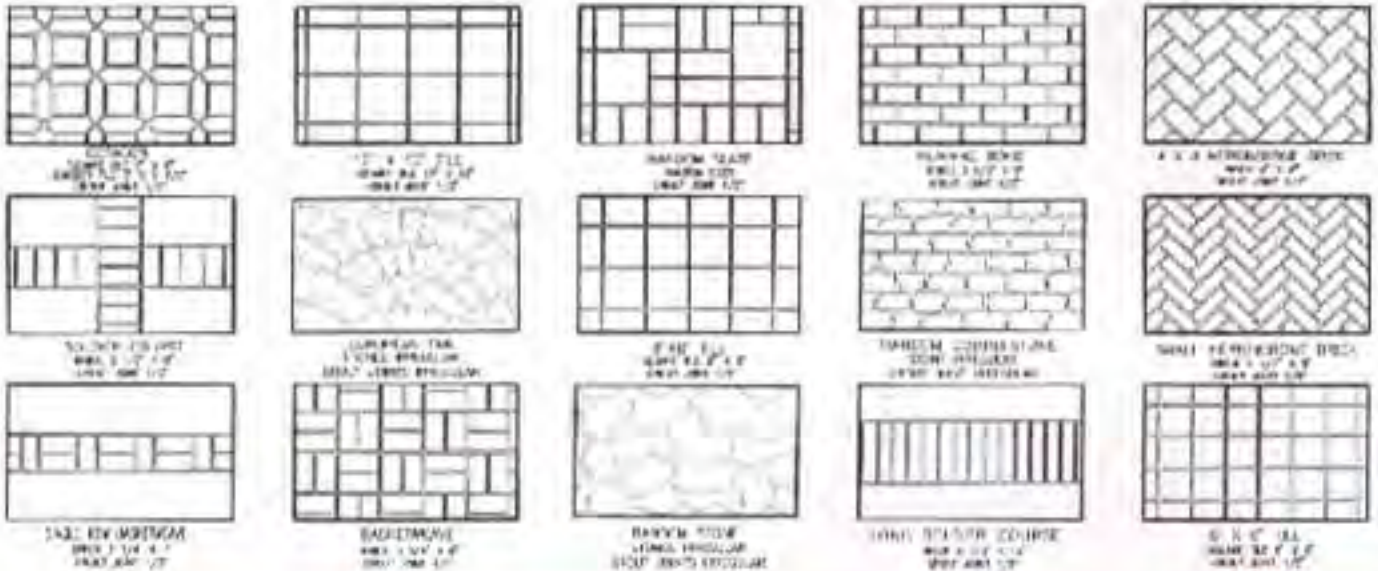

Texture-Crete is non porous, making it impervious to oil, grease, mildew and most chemicals. Texture-Crete also incorporates integral coloring agents that ensure colorfastness for years to come. The cold northern climate or the blistering southern sun won't fade or discolor the resilient Texture-Crete surface.

# Texture-Crete—The Ultimate Cover-up

## Standard Patterns and Colors

The Trained Contractor Certificate indicates certain employees of the company have been instructed in the proper application of Increte Systems Products and have received copies of the Increte Systems Application Instructions and Specifications. The Trained Contractor Program is not an apprenticeship. Each trained contractor is an independent contractor and bears responsibility for its own workmanship. Increte Systems, Inc. assumes no liability for the workmanship of a trained contractor.
